

Welcome to

S:\HA<KS

2021

The Ultimate Hacker
Survival Guide

Just some Housekeeping...

- All work must be done between Friday, September 10 at 4pm and Sunday, September 12 at 9am EST
- All work must only be done by members of your team. Eg. You can ask people outside your team for advice, but they can't write any code for you, etc
- Your work must be your own. Please don't plagiarize from other sources
- Submissions must be in by 9:00AM EST on September 12.
- We HIGHLY encourage you to make an effort to attend as many of the scheduled sessions (morning huddles, workshops, networking, etc) as you can. Make the most of this experience!

Get familiar with the Schedule!

Click [HERE](#) to view the calendar on AirTable.

Refer to the AirTable schedule we have provided for the full timeline of S:\HA<KS! This is also where you will be able to see the Microsoft Teams Invites to all the sessions we will be holding for you.

Huddles, Workshops & Campus Chats!

With your coffee in hand, join our morning huddles to get you energized, to get to know our team, and to get to know our S:\HA<KS community!

We've got some awesome workshops taking place throughout the weekend! Whether it's a career in tech, how to stay organized, or how to succeed in a hackathon - we've got you covered!

Have questions for Campus Recruitment? Attend our dedicated sessions to connect with the team and ask them all your burning questions!

What are all the resources available to me during the hackathon?

1. Firstly, make sure you are in the [S:\HA<KS Discord](#)! Here you can connect with your team, fellow hackers, and the planning team!
2. Each team will be assigned one **mentor**, who will meet with you at a minimum twice throughout the weekend to help brainstorm ideas.
3. Our SHacker **Toolkit** has a list of resources commonly used at hackathons. Give it a look over for some guidance and inspiration!

[CLICK HERE to view the Toolkit!](#)

- Includes SHACKS Rubric and submission form
- Resources to help create a business model
- Prototyping platforms
- Developer Resources

How does my team submit our final submission to S:\HA<KS?

Screen record your presentation and demo with your group. You have a maximum **5** minutes to deliver your pitch.

Make a Vidyard account and upload your recorded demo.

Complete our SHacks Submission Form on Airtable. This is available to you from the SHacker Tool Kit as well. It is here you will include your Vidyard link and links to any repos/prototype. Note: one form submission per team.
